2. The Europe Branch would also appreciate [redacted] reviewing, commenting on and adding installations, whose locations are confirmed, to the enclosed provisional annotated town plan of Gdańsk. The annotations are explained on the attached sheet.

3. Installations of particular interest include principal government and Communist Party offices, security buildings and posts (civil police stations, KOP and UB headquarters and posts, fire stations), vital industrial establishments, and consulates of foreign missions. The delimitation of restricted areas is of particular value. (One of our analysts [redacted] 25X1X7 reviewed the town plan of "Gdańsk (Danzig)" compiled and drawn [redacted] in March 1955 and has found the data in general agreement with information available here. Except for Item 11 Quarantine 25X1X7 Station, the installations listed in the legend are not included on [redacted] town plan.)

4. I know that we are asking for a lot and hope that we will be able to reciprocate whenever you want information from us.
